

Gustavo Muñoz V

My experience in Germany during the winter program at DHBW Stuttgart University was extremely enriching. During the months of September through December, I immersed myself in an intensive German language course by TRICOS and course on German culture. In addition, I had the opportunity to take subjects such as marketing and leading effectively, which have proven to be valuable tools in my daily activities. Among the highlights were "Financial Market in Germany" and "Alternative Investments", which gave us the incredible opportunity to visit the Stuttgart Stock Exchange. This experience not only broadened my understanding of the German financial markets, but also allowed me to get an up-close look at the workings of this important financial center. I would like to make a special mention for Jens Furkert .

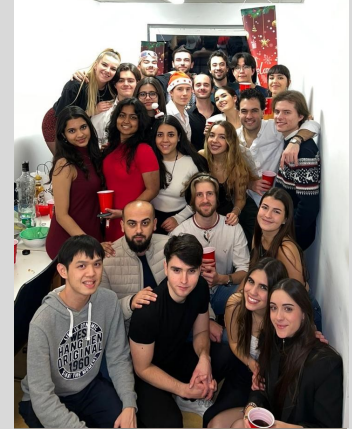

However, the academic experience was only part of my experience. The cultural diversity on campus gave me the opportunity to make friends from all over the world. Together we shared countless experiences, from the classroom to more relaxed moments such as enjoying a beer, participating in parties and organizing trips. One of the highlights was participating in Oktoberfest in Munich and Volkfest in Stuttgart, where I experienced German holiday traditions firsthand.

The Deutschland Ticket became my passport to explore the wonders of Germany. I traveled to iconic cities such as Berlin, Munich, Frankfurt, Cologne and, of course, my favorite, Stuttgart. In addition, I discovered charming towns like Esslingen, Tubingen, Heidelberg and Rothenburg ob der Tauber, which left an indelible mark on my memory.

My birthday, celebrated in September, became a special moment thanks to the warmth and hospitality I found in this German corner. The same was true during the Christmas holidays, which I celebrated here as if I were at home.

As a soccer and car enthusiast, Stuttgart presented itself as the perfect choice. Attending VfB Stuttgart matches at the Mercedes Benz Arena was a unique experience, as was visiting Motorworld in Boblingen and the impressive Porsche and Mercedes museums.

I would like to express my sincere thanks to the international department, especially to Asita and Sarina. Without their unconditional support, none of this experience would have been possible. I am grateful for having had the opportunity to experience this unforgettable stage in my academic and personal life in Germany.
